

L A P PRABODHITHA

STATISTICS & COMPUTER SCIENCE UNDERGRADUATE

PROFILE

A motivated and analytically-driven undergraduate pursuing a BSc in Statistics and Computer Science at the University of Kelaniya. Possesses a strong foundation in statistical modelling, data analysis, and software development, with growing full-stack development experience in HTML, CSS, JavaScript, PHP, and MySQL. Eager to apply interdisciplinary skills in data science or software engineering to solve real-world problems and contribute to innovative projects.

EXPERIENCE

Trainee / Peoples Bank

May 2023 – September 2023

- Gained hands-on exposure to banking operations and professional workplace practices.
- Applied problem-solving and teamwork skills within a structured corporate environment.

PROJECTS

Fresh Food Management System (FFMS) / Web-based Platform

- Designed a web-based platform connecting Sri Lankan farmers, sales persons, and transporters to reduce food waste and improve market access.
- Addressed gaps in coordination, pricing transparency, and delivery tracking across the fresh produce supply chain.

School Academic Management System (SAMS) / Dextop Application

- Built a desktop app for school administration with role-based dashboards for Admin, Class Teacher, and Subject Teacher.
- Implemented secure login and bulk mark upload via Excel to reduce manual data entry.

Impact of Study Habits & Lifestyle on Exam Scores / Statistical Modeling

- Developed a statistical model explaining variation in exam scores using lifestyle and demographic predictors.
- Analyzed study hours, sleep, screen time, attendance, diet, and exercise as predictors of performance.

Impact of Non-Academic Strike on Science Faculty Students / Sampling survey

- Conducted a stratified sampling survey (N=280) on the academic, technical, and psychological impact of a university staff strike.
- Contributed to survey administration, data entry, and preliminary interpretation of responses.

Personal Portfolio Website / peminduprabodhitha.com

- Designed and built a personal portfolio website to showcase projects, skills, and experience.
- Applied front-end development practices for a responsive, professional online presence.
